

### **Terms of Reference North West London Rehabilitation Group**

This group has been established to provide guidance, advice and recommendations to the Network Board on specific pieces of work around rehabilitation. The group will agree a work plan with priority areas identified and clear time scales for action stated. The group will provide reports to the Network Board on a monthly or bi-monthly basis as appropriate. The main purpose of the group will be to:

1. To identify the current provision of service across the Network; identifying issues which need to be addressed and provide guidance on services, guidelines and protocols
2. To agree common standards, patient pathway and clinical governance mechanisms.
3. To develop a clinical vision for the service which incorporates primary, secondary and tertiary care, recommending models of care which will ensure equity of access within the framework of national guidance.
4. To interpret and advise on national guidelines, developing a common understanding of the implementation of such guidance across the network.
5. To advise on any related workforce requirements or implications.
6. Where applicable, to review and agree appropriate research priorities for the sector.
7. To be responsible for communicating back to individual organisations, the sector and network board.
